STATINTL

Public Affairs Office Central Intelligence Agency Washington, D.C. 20505

Dear Ms.

STATINTL

This letter is to formalize my request that the Director address a group of students in my Master of Science in Foreign Service Program, on a field trip we would make to the Agency on either October 25, November 1, or November 8, preferably in the afternoon at his convenience. We would limit the size of our group to forty students, as we did last week when we visited the National Security Council.

Our Program is a small, professionally-oriented two-year course of inter-disciplinary study which trains students for careers in international affairs, public and private. As such, we seek to take advantage of our location in the nation's capital, and to enable students and practitioners of foreign affairs to meet and exchange ideas.

We would be honored to have the Director speak to us, and hope it can be arranged. We have picked Wednesdays because it seems like the best time for us, but naturally we can come at the Director's convenience.

Thank you for your help.

Sincerely,

Eugene K. Lawson
